Motion carried.

3. Chairman Brunk introduced Sheriff Bustos, who addressed the Board regarding a management update on the Covid-19 operation and the current things being done with local and State authorities, including Scott County, Iowa, to combat this outbreak.

Sheriff Bustos stated, "Good evening, everyone. I hope everyone is well as we continue to work through this pandemic problem we are all caught in. But, I do want to bring everybody up to speed with, uh within the Sheriff's office and Emergency Management as it relates to these problems that we are dealing with. I can tell you as of right now, all staff at the Sheriff's office have been ordered to wear face coverings and gloves when dealing with any member of the general public to avoid contamination of our population and we continue to remind our staff to keep social distancing whenever possible. Thankfully, we have not had any confirmed cases of Covid-19 by any member of the Sheriff's office. The County Jail continues to house incarcerated population of about 180 prisoners. This population I can tell you is the

lowest that it's been since the 1990's. We have provided face coverings to everyone that is incarcerated and we are isolating anyone who is arrested until they are cleared to enter the general population. We are doing this to make sure, as much as we can to ensure that Covid-19 doesn't get inside the facility. Thankfully, we don't have any cases of Covid-19 by any of the inmate population. The Courthouse and the County Building continue to operate on a reduced schedule of staff. We require any member of the public to wear face coverings for everyone's protection. As of today and of course these numbers move a lot, and so this is as up to date as I am right now, uh it may have changed since I left...but as of today, Rock Island County has 281 confirmed cases of Covid-19, five (5) deaths and 21 are hospitalized. The Illinois Department of Public Health has been tracking health care facilities in Illinois of cases among residents and staff including Rock Island County's long-term health care facilities Covid-19 numbers. Centennial, also known as Rosewood Care Center has three (3) confirmed cases and no deaths. Generations at Rock Island, has 11 confirmed cases and two (2) deaths. Hope Creek has three (3) confirmed cases and no deaths. Silver Cross (at Friendship Manor) two (2) confirmed cases and (2) deaths. The Rock Island County Emergency Management along with our Coroner, Brian Gustafson, continues to track those Covid-19 related deaths. The Sheriff's office through, uh, Emergency Management cooperates with the County Health Department and continues on a daily basis where people are with confirmed cases from the Health Department shares that with the Sheriff's Department Dispatching centers. This allows a front order to be placed on all known addresses so we can alert our first responders as they are dispatched that there is a confirmed case of Covid-19. We have received a total of 9 shipments of personal protection equipment (PPE) from the State of Illinois. Our first shipment was received on March 20th and we had our last shipment, our 9th shipment received on April 20th. Because of the size, the Department of Transportation has our shipments picked up and delivers them to us so we don't have to go and get them. So far, our county has provided PPE to 36 different organizations within our county, uh, including hospitals, healthcare facilities, law enforcement, corrections, fire, ESDA (Emergency Management), transportation and the meat packing industries. In addition to the supplies we have received from the State, we also received 1,000 cloth masks donated from local residents, 3,000 face shields from John Deere seeding, Coca-Cola products from Coca-Cola, and several gallons of hand sanitizers from Mississippi River Distilling. All of the donations are very much appreciated and we do continue to fill requests daily from all of our locals within our county. We continue to take direction from the Governor, obvious, on this and we have direct conversations as to what recovery will look like and the time frame to implement that and when we are authorized to do that."

Chairman Brunk stated, "Excuse me, Sheriff, if I could...can I remind all Members to kindly mute your phones *6 or the mute button unless you are speaking, thank you. Thank you, Sheriff."

Sheriff Bustos continued, "Sure. And then lastly, uh, in addition to this pandemic that we are all dealing with, we continue to monitor the flooding situation. The Rock River

is within its banks and the Mississippi is going down quite a bit now as we speak. I got to admit that Rock Island County residents are pretty used to the flooding, so...um, unless it's like a flood we had last year, they are pretty darn good at taking care of themselves. So, that is all I have and I appreciate the opportunity to speak. If you have any questions, please feel free to forward them to me, uh either drafted to me or through the Administrator, Mr. Snider. Thank you."

Chairman Brunk stated, "Thank you, Sheriff. Moving on, Public Comments."

4. **PUBLIC COMMENTS (None) Three** calls were made for the public to speak.

Chairman Brunk asked two people who joined the meeting to identify themselves.

One was SAO, Dora Villarreal and the other was John Cullet (inaudible).

FINANCE AND PERSONNEL COMMITTEE – BOARD MEMBER MR. LUIS MORENO CHAIRPERSON

5. Board Member L. Moreno moved to waive the reading and approve the Delinquent Tax Resolutions, as presented. Board Member Beck seconded.

Board Member O'Brien was recognized.

Mr. O'Brien asked, "I have a question. I am probably the only person that doesn't know this, but when we get...when people bid on these, is it strictly the taxes that are delinquent that...is that what they do when they find out how much the taxes are delinquent and then they submit that to the county. Is that how that works?"

Chairman Brunk asked "Ms. Ewert would you like to answer that?"

Ms. Ewert stated, "The Resolutions before you are on properties that have already been taken over for back taxes by the Trustees office. More than likely these have already gone to auction and these are now being paid off and need to be transferred to the new owners."

Mr. O'Brien stated, "Okay. So that's the difference is just the value of the property tax, right?"

Ms. Ewert stated, "I am not sure what you mean by that question?"

Mr. O'Brien asked, "So the value of the property is what it's taxed at is what they bid on or...is that how it...?"

Ms. Ewert answered, "Well, when it goes to auction, when the Trustee takes Deed on it, it goes to auction and all the taxes that were owed are waived...because we are now just trying to um, get these properties back on the tax rolls. When we sell them at

auction, we usually sell them at usually a starting bid of \$750.00, um but when these people pay them off, they have to not only pay the bid price, but also court costs and auction fees and that type of thing, so they are not necessarily being sold for the amount of the taxes that were owed."

Mr. O'Brien stated, "Okay, thanks."

Chairman Brunk stated, "Thank you, Louisa. Are there any more questions on that? We have a motion and a second. We need a roll call, Ms. Kinney?"

Ms. Kinney answered, "Yes. Roll call is now open."

I do appreciate everyone's understanding, your patience and I would like to acknowledge the assistance of Mr. Adams wife in helping us and Mr. Davis with the Zoom programming to help facilitate these meetings. She's been a great help I know, so if Mr. Adams you could pass that along to the Mrs., I would appreciate it. And thank you, everyone, for joining us this evening, the Members and staff, County Officials and members of the public...we appreciate your interest in the people's business."

Mr. Deppe stated, "Mr. Chairman, can I make a statement on the Highway Safety? This is Jeff Deppe."

Chairman Brunk stated, "Yes, go ahead."

Mr. Deppe stated, "Yes, we will not be meeting out there in the Hampton rest stop on Friday at 11 o'clock for National Highway Road Safety because of the Covid, it has been rescheduled but I would still like to thank the Highway Department and the Sheriff's Department for bringing people out. Normally, we hand out coloring books and safety information about Scott's Law that just means we know what it's like to get in the other lane and if you see cones, no phones and if you speed in a construction zone because construction season has started. This is National Highway Safety Week. That's all I got."

Chairman Brunk stated, "Thank you for highlighting that, Jeff. It's definitely an important issue and a great event that we would normally through the Highway Department and the Sheriff's office support every year and unfortunately, we won't be able to have that even this year. But thank you for highlighting that."

Chairman Brunk added, "With that, the time is now 6:09 PM and we are in recess."

The next regular meeting of the County Board will be Tuesday, May19, 2020.

County Board Chairman Brunk declared the meeting recessed.

RESPECTFULLY SUBMITTED,
